

Responses to Creelman Dining Hall Survey
October 12, 2011

- Faster service – most of the items at Creelman are made to order
- Due to the increase in students this year we are much busier than in the past – if students could vary their eating times (not all come at 5:30 pm) for meals, this would help with line congestion
- We have added on a second person at the pasta counter and a third person at the pizza counter to help get people through faster
- Coffee cup lids are now offered at the coffee stand and at the cash
- More vegan/vegetarian options – there are many options, not only at Nature's Best, but throughout Creelman
- Tonie had a meeting with each area in Creelman reminding them to be pleasant with the customers
- More tables/chairs/space – this is due to the increase in students, students arriving at the same time and students not wanting to sit at tables already occupied by others
- New decorations – decorations are changed on a regular basis
- Radio static – this has been looked at and is alright now
