

## HOSPITALITY SERVICES

# FOOD ALLERGY – STUDENT RESPONSIBILITIES

### STUDENTS ARE RESPONSIBLE FOR:

1. **Carrying an Epinephrine Auto-Injector** in an event of an allergic reaction. Students are responsible for ensuring their Epinephrine Auto-Injector(s) **are effective and have not expired**, if applicable.
2. Wear **medical identification** (e.g., Medic Alert Bracelet) at all times, if applicable.
3. **Tell others** with whom they are in regular contact (e.g., Resident Advisors, roommates, floormates, housemates, teammates, friends etc.) about their allergy, how to recognize symptoms of a reaction, what to do, and where they keep their Epinephrine Auto-Injector.
4. **Identify themselves** through the residence admissions process, if applicable, as having a severe allergy.
5. **Contact University of Guelph's Hospitality Services** before arriving on campus, or as soon as possible, to discuss plans to accommodate their specific allergens/dietary needs
6. Once on campus, follow **the plan and advice provided**, and **follow-up** with University of Guelph's Hospitality Services if there are any concerns at any time during the year.
7. **Ask managers/chefs** rather than servers of dining facilities about compatible foods, and precautions to prevent cross-contact & special foods available on a daily basis
8. Practice **ongoing and constant vigilance** in the management of their allergy and familiarize themselves with the daily menus and signs posted regarding allergens.

*For more information, please contact the campus SNAP Coordinator  
SNAP@uoguelph.ca*

**Note:** Please be advised that our menu items may contain allergens, may have come in contact with items containing allergens, and there is always a risk of contamination or cross-contact. In addition, the potential does exist, that food manufacturers may change their formulation or manner of processing without our knowledge. We do not guarantee the accuracy of ingredient information. Ingredient and nutrition content of foods may vary due to changes in product formulation, recipe substitutions, portion size and other factors. Customers with concerns need to be aware of these risks. University of Guelph Hospitality Services will assume no liability for any adverse reactions that may occur in the dining facility.
