Once you select an On-Campus Meal Plan, you enter into a contract with the University of Guelph. Please review all the Meal Plan Policies on the Hospitality Services website. You will be held responsible for the terms and conditions outlined within.

How Many Basic Food Dollars will I receive?

The price of your Meal Plan includes a $135 Capital Fund Component approved by the University for improvements to the Dining Halls.

The $135 Capital Fund Component is deducted from your Meal Plan. Then the fixed overhead cost (30%) for operating the dining facilities, which includes heat, hydro and rent, is deducted.

When you spend your Basic Food Dollars on campus you are contributing directly to the fixed overhead cost of maintaining our student eateries and we return the fixed overhead cost to you at the register via a 30% discount off cash prices.

The Basic Plan is used for all food purchases in Hospitality Locations. These purchases are HST exempt when applicable.

The Flex Plan is used for vending machines, food purchases in the Bullring and the Brass Taps, Eastside Variety (the on-campus convenience store), grocery items, health and beauty products, dining at off-campus restaurants, delivery orders and taxi service. These purchases are taxable.
