The price of your Meal Plan includes a \$140 Capital Fund Component (\$70 per semester) approved by the University for improvements to the Dining Halls. The \$140 Capital Fund Component is deducted from your Meal Plan. Then the fixed overhead cost (30%) for operating the dining facilities, which includes heat, hydro and rent, is deducted.

When you spend your Basic Food Dollars on campus you are contributing directly to the fixed overhead cost of maintaining our student eateries and we return the fixed overhead cost to you at the register via a **30% discount off cash prices**.
